

Dr. Kirk Gair

Arkansas Chiropractic Society Presents:

*Get Back in the Game/
Simple and Quick Techniques to Get Weekend
Warriors, Youth and Elite Athletes Back From
Injuries*

*July 30/31, 2022
Fayetteville, AR*

INSTRUCTOR: Dr Kirk Gair has been in private practice since 1999 and began using Erchonia cold lasers in 2004. During that time, he has worked with athletes of all levels, including Super Bowl Champions, MLB champions, High School wrestling National and State champions, college and high school football, baseball, and track champions and record holders, and with the Dodgers/Angles Fantasy Camp. Due to the results he gets with his laser protocols, he has a wait list, 100% referral practice. In addition to treating top level athletes, he has also completed additional training in functional medicine and functional neurology under the guidance of internationally acclaimed Dr. Datis Kharrazian, and has patients come from all over the US for help.

THIS COURSE: Most doctors do not fully understand what their lasers do, are unaware of the immense volume of research that supports their uses, and they lack confidence in talking to patients about how lasers can help them get to their health goals faster than other modalities. Even worse, they struggle to explain how their lasers can help their patient's condition, have no idea what to charge, and usually give the service away.

This seminar will not only teach the doctors the incredible volume of research behind their lasers that supports many uses in practice that will set them apart from their competition, it will also give them the tools to help insulate them from the threats of diminished insurance reimbursements, delayed personal injury payouts, and competition from low-cost marketing groups and membership franchises.
